School Opening Plan Presented

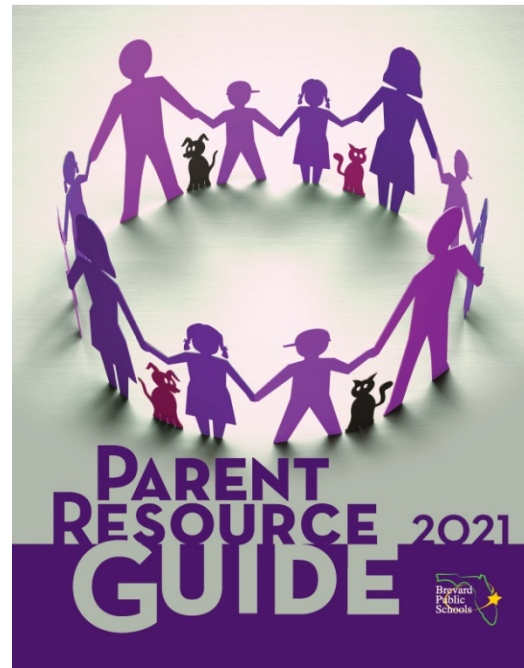

Supplies Needed

Schools are getting set to reopen next month and many have requested pens for registration days so each parent will have his own. Students may be wearing masks and elementary schools are asking for lanyards to help students keep track of their masks. Visit our PIE Facebook page to see which schools still need these supplies or [let Debra know](#) if you have some available.

Both of these products are great ways to get your company's name and message in front of school audiences. We will work diligently to uphold our end of the partnership agreement. Thank you for all your support.
