

As we continue our journey in reestablishing Green Gables's legacy as an integral part of Melbourne and South Brevard's History, we invite you to join the Green Gables Board, Directors, and Volunteers for a very special ceremony and dedication of the Historical Marker donated by the Pomeroy Foundation. This was made possible as Green Gables has been included in the National Register for Historic Places since 2016 as well as listed in 2018 as one of "11 to Save" by the Florida Trust for Historic Preservation.

Please join us for this short celebration, and if time allows for you, this could be an excellent opportunity to learn more about Green Gables at Historic Riverview Village, Inc., the home and nonprofit.
